Course overview

In this course, we embark on an exciting journey into the world of digital photography, focusing on building essential numeracy skills along the way. From understanding camera settings to composing captivating shots, we'll cover the basics of photography in a simple and engaging manner. Through hands-on activities and interactive lessons, participants will learn how to master the fundamentals of photography while simultaneously enhancing their numeracy abilities. Join us to unlock your creativity, improve your photography skills, and boost your confidence in working with numbers!

Course description

Get ready for an exciting adventure where we explore the fascinating world of photography while also developing numeracy skills. Throughout this journey, we'll start by understanding how your smart phone works best as a camera and learning about the different settings to take stunning photos.

Our approach is all about simplicity and fun! We'll engage in hands-on activities and interactive lessons to make learning enjoyable and effective. By the end of the course, learners will not only be proficient in capturing captivating shots but will also have enhanced their numeracy abilities, making them more confident in working with numbers in everyday life.

Whether you're a complete beginner or looking to refine your photography skills, this course is designed for you! Join us to unleash your creativity, improve your photography techniques, and boost your confidence in handling numbers. Don't miss out on this opportunity to embark on an exciting journey towards taking better photos while mastering essential numeracy skills along the way. Sign up now and let's embark on this thrilling adventure together!

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
