Course overview

Gain a GCSE-equivalent qualification with this functional skills maths course. Learn maths skills to open doors to work and study opportunities. Functional maths courses also support you in everyday situations. Learn maths as an adult and enjoy the experience. Functional maths helps you develop practical maths skills in context. Understand how numeracy skills can assist you in a job or your personal life. This functional skills maths course teaches you essential maths skills through practical examples. It's ideal for you if you would like to gain a GCSE-equivalent maths qualification.

Course description

Functional skills maths is at Level 1 and 2, Level 2 is the highest level in the functional skills maths series. It is often accepted as a GCSE equivalent for many jobs and courses. It can help you access an apprenticeship, higher education course, or go to University. What we'll cover:

- Numbers, Shape & Space, Measure, Data and Money all the numeracy and Maths skills you need to pass the Functional Skills maths exam at the right level for you.
- Functional skills maths courses teach you essential maths skills for employment and everyday life. This is an adult maths course with a practical focus.

Functional skills courses are ideal for flexible learning. You can choose to take an in-person or online functional skills course. To take this functional maths course you need to have a digital device such as a computer or tablet. You'll also need an internet connection. This is so you can access our digital learning platform, Canvas.

Before you can enrol on this course, you'll do an assessment. Don't worry, this isn't an exam. It's for us to make sure you get on the right course for your level.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
