Course description

Chatsworth House is the seat of the Duke of Devonshire, situated in a beautiful corner of Derbyshire. Built in the early 18th century, it has both historic roots in its beautiful architecture but also is looking to the future with sustainability and digital tours. The house has been used as the location for a number of films and television series, including its own series on Channel 4 which explored and celebrated the effort made by the current Duke and Duchess to maintain their family home in the 21st Century.
