Beginners

Course overview

Are your photos not clear? Do you wish you can take better photos on your phone. Then this is workshop is for you! This course is for those wishing to improve their experience of using their mobile 'phones to take clearer , sharper , better quality of photos and improve their general knowledge of photographic skills. This is a fun class where the tutor will help you understand your mobile phone better; explain to you the features which will help you become confident taking photos and making good family memories . No technical skills are required but a desire to learn is necessary as well as a basic working knowledge of a smartphone. It is a fun class in which you will make new friends and you will capture good moments.

Course description

This course is appropriate for those who feel confident with their digital skills or would like to improve them, so don't worry if this is new to you. This course will provide practical guidance to help you make your photos really stand out and how to develop the use of format, orientation and editing for different grounds. It is fun way to use your phone 'to crop your photos, adjust contrast, colour, and exposure . You will find out how to find proper light for your subject: to see which is the best light to take pictures of portraits, landscapes and objects. You will learn new words related to using the smart phone apps .

You will gain confidence in using and controlling smartphone's cameras.

You will also learn how to upload your photos on our online learning platform , Canvas .

You will be encouraged to take part in group discussions throughout the sessions , where you can share experience of taking pictures ; good experiences or bad ones!

This course will help you move into digital skills courses , beginners or advanced .

This is a women's only session.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
