Beginners

Course overview

Multiply Online is your gateway to mathematical empowerment for financial literacy. Delve into essential topics including budgeting, understanding topics used for functional skills, school curriculum math support, credit comprehension, and maximizing financial resources. Key Topics: Budgeting money effectively Preparing for functional skills qualification(FS) Supporting children's math education Understanding credit and finance Optimising financial decisions Benefits: Practical math skills for everyday life Confidence in managing personal finances Empowerment to make informed financial decisions Enhanced support for children's math learning Increase your confidence with maths. Format: Engaging online modules, interactive exercises, and real-life application scenarios. Duration: Self-paced for flexibility! The course material is available online and accessible via smartphone, tablet, or computer. Additionally, there will be weekly face-to-face sessions to provide support for accessing the learning. Your numeracy coach will also maintain regular contact to support you throughout the course.

Course description

Dive into a comprehensive resource empowering you with essential math skills for financial literacy. Whether it's budgeting, assisting children with math homework, or preparing for Functional Skills (FS) qualifications, this course has you covered.

Feeling uncertain? Join our support sessions every Thursday and Friday from 10am to 12pm. Whether weekly, occasionally, or never, our sessions cater to your needs, ensuring you're confident in your learning journey.

Accessible 24/7 via smartphone, tablet, or computer, learning fits seamlessly into your schedule. Gain confidence in everyday math tasks and financial decision-making, without committing to a full-time face-to-face course.

Join "Multiply Online" and transform your mathematical skills, paving the way for financial empowerment and success.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
