Course overview

This beginners ESOL course will help you to develop basic speaking, listening, reading and writing skills in English. Develop your language skills to enable you to recognise simple words, prepare to write, ask everyday questions and answer them using correct grammatical structures.

Course description

On this ESOL course, everyday life will be explored (for example, shopping, health, local area and services).

This course is based on face to face teaching in a classroom setting.

You will learn about:

- Alphabets and numbers.
- Asking for and giving basic personal information.
- New vocabulary, words and phrases.
- Developing your reading, writing and speaking and listening skills.

In addition to language structures; citizenship, employability and digital skills will also be embedded in the programme.

Assessment of learning will be done regularly throughout the course.

Information, advice and guidance will also be given to enable further course/professional progression.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
