Course overview

Feeling overwhelmed by household finances? Tired of wondering where your money goes? This 4-week course will empower you to take control with basic budgeting skills. We'll unravel the mystery of household budgeting, making it manageable and clear. Explore smart supermarket schemes and discover if they truly benefit you or the stores.

Course description

Target Audience: This course is designed for everyone, regardless of your experience with budgeting. Whether you're a complete beginner or have some knowledge, we'll build your skills from the ground up.

Content: Each week, we'll delve into a different aspect of budgeting, exploring various techniques for smart spending. You'll learn how to maximize your savings and discover practical money-saving strategies.

Interactive Learning: Our experienced tutor will guide you through the course, with ample time for discussions, individual exercises, and group activities. This engaging approach will help you solidify your understanding and apply these skills to your life.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us

know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
