Course overview

On this course, you will explore a range of digital skills and practices. Discover ways to keep yourself and your family safe by learning how to use parental controls, how to make payments safely and how to protect yourself from scammers.

Course description

This course will develop your confidence and skills for life online, whether study, work or everyday life. You will be encouraged to apply what you learn to real-life scenarios. Explore and setup digital ground rules and create a healthy approach to technology.

You will learn how to set up parental controls for all types of computers and devices, recognise the dangers of online fraud and scams, manage your finances safely, and establish a safe pathway to using social media for both adults and younger family members.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
