Course overview

This practical course is to be run at the Parkstone Day Centre in Poole and is designed to empower adults with learning difficulties to develop their gardening skills and confidence in preparing and sowing seeds. The course will focus on providing a supportive and enjoyable environment, where participants can learn new skills, socialise, and take home their own seedlings. Who is this course for? This course is designed specifically for adults with learning difficulties who want to develop their gardening skills and confidence. No prior experience is necessary, as the course is tailored to meet the needs of each participant.

Course description

Course Outline:

Introduction to gardening basics: Understanding the importance of gardening, types of plants, and basic gardening tools.

Preparing the soil: Demonstrate how to prepare the soil for sowing seeds, including mixing and aerating the soil.

Sowing seeds: Hands-on practice in sowing different types of seeds, including vegetable and flower seeds.

Seed selection and handling: Learn how to choose the right seeds for the season and handle them correctly.

Basic plant care: Discuss the importance of watering, sunlight, and fertilizing for healthy plant growth.

Course Activities:

Hands-on activities in preparing and sowing seeds
