Course overview

This course aims to introduce you to art and take you to a higher level in order to begin to develop your skills. This course is accessible to beginners and provides an ideal stepping stone towards intermediate levels. Set in a calm and friendly environment, this course is a great way to gain confidence in a group setting and socialise with other like-minded individuals.

Course description

From light and shade, to understanding composition and colour, this course reveals the secrets of painting in acrylics.

Beginning with a landscape painting, the course moves on to a portrait in monochrome, colour mixing and blending in abstract painting, and finishes with a still-life project.

If you are a more experienced student, you can concentrate on your own personal projects from the beginning.
