Level of study

Beginners

Course overview

Regency society rakish, raffish but with a fondness for wonderful architecture, or was there more to it than that?

Course description

Alongside the Tudors the Regency is the most familiar period of English history, but is it really? The familiar view from novels, film and TV is of a stylish high society, frequenting fashionable spa towns. Meanwhile in town and country huge changes were taking place, population was growing, people were moving to rapidly expanding towns. The country was emerging from 20 yrs of war, technology was changing and an expanding Empire brought new products into people's homes. The long rumbling differences between George III and his eldest son Prince George created political tensions while across The Channel the French Revolution and subsequent rise of Napoleon shocked and rocked Europe.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
