Course overview

Every famous trial is a snapshot of history in the making. We see the cast of characters strutting on the stage that is the court room, acting out their roles against the backdrop of forces that are often beyond their control - the letter of the law, the power of the state, the force of prejudice, the facts of the case. Their focus is the outcome of 'their' trial, but ours is more than that; why is this trial famous, how did it change things, what lessons does it teach us? Join Peter Blood to study the people, issues and outcomes in four famous trials from British history, with a view to understanding their political, social and legal significance.
