Venue

Billericay Reading Rooms (Billericay)
73 High Street
Billericay
CM12 9AS

Level of study

Beginners

Course overview

An opportunity no matter your skill level and for those using a phone, a compact camera and/or something fancier to consider the photos you take and develop a greater understanding of what makes for you, a better image. This course will explore a range of tips from how you can control the camera, to the types of subjects that can make an engaging photo

Course description

Photography is a hugely popular hobby, and affects the way we experience our surroundings, sparks our creativity, and provides moments of mindfulness. Whether you use a phone, a compact camera, or something more fancy, the way you see and compose your images can vastly increase the enjoyment you gain from your photography, making it more rewarding, and showing progression in your skill level. Daniel's Ten Top Tips talk encourages you to think more about the photos you take, so you can develop a greater understanding of what makes, for you, a better image. Changing your 'snaps' to 'photos' takes a conscious effort, and the ability to critique your results in a positive, and worthwhile way. With a range of tips from how you can better control the camera, to the types of subjects that can make an engaging photo, there's something for everyone, no matter what your skill level.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
