Course overview

This friendly and inclusive course is aimed at Upper Intermediate (B2) level learners of English. This six-week course is for those whose first language is NOT English and we will practice all four major skills in each session to further develop reading, writing, speaking, and listening. Lessons will be delivered face-to-face using a range of teacher led and freer interactive activities to develop your proficiency and confidence. In addition to a focus on general pronunciation, grammar and vocabulary, you will be encouraged to focus on colloquial English and develop an awareness of the local English being used in their contexts.

Course description

In this six-week ESOL course, (English for Speakers of Other Languages) you will practice your reading, writing, speaking, and listening skills through topics such as: Q & A, handwriting and personality, health and national stereotypes. There will also be an opportunity for you to suggest topics for study and discussion. Areas of grammar covered will include revision of question formation, auxiliary verbs; the...the...+ comparatives, present perfect, (simple and continuous) and adjectives as nouns and adjective order. Vocabulary to be developed during this course will include working out meaning from context, personality, illness and treatment and clothes and fashion. You will have the opportunity to engage in a variety of activities such as games, role plays, songs, exercises, pair and group discussions, presentations, Q & A, all aiming to help you develop and deepen your mastery of the English language. The written assignment for the course will be an informal email or letter. There will be an opportunity for you to check your own progression through a summative assessment at the end of the course. You will need to bring your own notebooks and pens, but all other course materials will be provided.
