Course description

In the Beginners ESOL course, you will have started to learn English to prepare you for applying for work, helping with basic communication skills. This intermediate course is for people who live in Coventry and are beginner level in English. It is a face-to-face course. You will continue to learn some of the language needed to apply for work and also at work. You will practise your speaking and listening skills alongside reading and writing in English. We will help you to start becoming more confident to talk to people in English in your local community and also to become more independent so you don't have to rely on others to translate everything. Some of the things we will cover in this course include:

- Answering questions
- Giving opinions
- Reading short stories
- Writing sentences

After you have completed this short course, you can move on to Part 2 Intermediate ESOL , further courses in English for Speakers of Other Languages (ESOL), maths, digital skills or other work-related skills. Some of these courses lead to formal qualifications.
