Course description

In part 1 of Intermediate ESOL, you will have started to develop your English to prepare you for applying for work, helping with basic communication skills. This intermediate course is for people who live in Coventry and are an intermediate level in English. It is a face-to-face course. You will continue to learn some of the language needed to apply for work and also at work. You will practise your speaking and listening skills alongside reading and writing in English. We will help you to start becoming more confident to talk to people in English in your local community and also to become more independent so you don't have to rely on others to translate everything. Some of the things we will cover in this half of the course include:

- Using Grammar accurately and correctly
- Answering questions based on a text message
- Participating in a conversation

After you have completed this short course, you can move on to Advanced Pre-entry ESOL, further courses in English for Speakers of Other Languages (ESOL), maths, digital skills or other work-related skills. Some of these courses may lead to formal qualifications if you would like to

continue your studying further.
