Course overview

This Intermediate Pixlr Online Photo Editor course is aimed at Beginners with some basic knowledge of photo editing and who want to improve and learn further skills. You will learn how to enhance your images by adding effects and text. Removing unwanted marks and objects and cloning areas. Combining and manipulating images. Replacing colours. How to repair an old photograph.

Course description

You will learn how to use the Pixlr online Photo Editing web app to enhance your own images by adding instant effects, adjustments, and text. Improving images by removing unwanted marks objects and cloning areas. Combine images and using layers. Replacing colours. Repairing an old photograph.

After completing this course, you can study for other digital skills courses to enhance your knowledge or go further onto an Advanced Photo Editing skills course next term.

Your friendly, knowledgeable tutor will guide and support you through your learning journey.

You will need access to the internet to complete this course. Learning materials including handouts and exercises will be available on canvas, the WEA's Digital Learning platform. You will need a digital device e.g. tablet, phone or laptop to access the course.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our

education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
