Tottenham
London
N17 7LT

Level of study

Beginners

Course overview

This is a practical art course for those new to creating artwork and people with some experience. The course will introduce you to basic painting and drawing techniques. During the sessions your tutor will help you develop your skills in sketching, painting and using mixed media such as collage. You will also look at the work of famous painters from the past and contemporary artists. Students will learn about artists' ideas and be encouraged to discuss and talk about their own personal artwork and inspiration for it. Some resources will be available but please do bring sketch pad and pencil, and any watercolours, and brushes.

Course description

This course will introduce you to drawing and painting techniques and encourage you to explore techniques with drawing materials and collage. You will look at use of colour in art and how to put pictures together. Drawing techniques such as hatching and stippling will be connected with the ones in painting, using brushstrokes. Students will get a chance to practice drawing and painting in a sensitive way, making sure that both beginners and more advanced students feel comfortable with trying the exercises and making sure that they have a chance to share ideas, discuss artists work and feel inspired by each other. On this course you will learn how to read different artworks by examining the various steps and techniques that were involved in creating them; this will offer you an enriched appreciation of paintings, and a more thorough understanding of their visual elements. You will also have an overview of the artist's works with discussion of their artistic intention and personal philosophy. The course aims to empower students to create personal, original artworks inspired by the paintings and to discover a personal painting style. By the end of the course, you will be part of a community of creatives.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
