Course description

This online Modern Greek course is aimed at learners who have already studied Greek for about a year and can use Greek to get by in a limited range of situations, and who are looking to develop their language skills further and learn more about the Greek people and their culture. In a friendly and relaxed atmosphere, you will have plenty of opportunities to practice your speaking and listening skills through a variety of fun activities, games and roleplays so that you can feel confident to communicate with Greek speakers.
