Course overview

Work towards GCSE-level maths skills with this functional skills level 1 course. Progress your maths skills to help you access work and study opportunities. Functional maths improves your numeracy skills through real-life situations. Learn maths in context. Develop practical maths skills to help you in everyday situations such as organising your personal budget or applying discounts when shopping. This level 1 functional skills maths course can help you get a GCSE-equivalent qualification in maths. You'll learn practical maths skills employers look for. Functional Skills qualifications are free if you don't already have a GCSE in English or Maths at grades A*-C, or 4-9. We'll check your level and any previous qualifications before you start. This ensures you are on the correct course.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
