Course description

The course will help you to practise grammar, vocabulary, pronunciation and fluency in the essential language as well as key exam techniques.

This course will help you to improve your spoken English skills to help you to pass your IELTS test.

An IELTS test result is trusted by governments, organisations, and institutions across the world.

You will be given plenty of opportunity each week to answer IELTS style questions in class alongside others and learn how to progress and develop your answers. You will be given feedback and suggestions to help you improve your score.

As IELTS will require a good level of English, we may recommend that you take other courses alongside this one if we think they will be necessary to help you succeed.
