1

## Course overview

Prepare for success in Level 1 Maths with our comprehensive preparatory course. Enhance your mathematical skills needed for further education and everyday life. Ideal for individuals seeking to

improve their maths proficiency.

## Course description

Get Ready for Level 1 Maths is designed to help individuals develop the mathematical skills needed for Level 1 Maths courses. This course covers key mathematical concepts, including arithmetic, geometry, and basic algebra. Participants will engage in practical exercises and real-life examples that demonstrate the application of maths in various contexts, such as budgeting, cooking, and home improvement. The course includes lessons on problem-solving, critical thinking, and mathematical reasoning, providing a solid foundation for further study or professional development. By the end of the course, participants will have improved their maths proficiency and be better prepared for Level 1 Maths coursework. This course is ideal for anyone looking to enhance their maths abilities and achieve success in their academic and professional pursuits.

## What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

## What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
