Beginners

## **Course overview**

Learn essential bushcraft skills while exploring the principles of conservation with our Personal Development: Bushcraft and Conservation course. Ideal for outdoor enthusiasts and anyone interested in sustainable living and wilderness survival.

## **Course description**

Personal Development: Bushcraft and Conservation is designed to teach individuals essential survival skills and the principles of conservation. This course covers a range of bushcraft techniques, including shelter building, fire making, foraging, and navigation, alongside lessons on environmental stewardship and conservation practices. Participants will learn how to live sustainably in the wild, minimising their impact on the environment while gaining practical survival skills. The course includes hands-on activities, outdoor practice sessions, and expert guidance on both bushcraft and conservation. By the end of the course, participants will have the knowledge and skills needed to thrive in the wilderness and contribute to the preservation of natural environments. This course is ideal for outdoor enthusiasts, environmentalists, and anyone interested in learning about sustainable living and wilderness survival.

## **What financial support is available?**

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

## **What other support is available?**

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
