Course overview

Learn how to keep your bike in top condition with our Personal Development: Bike Maintenance course. Discover essential maintenance skills, from fixing a flat tire to tuning gears. Ideal for cyclists of all levels looking to take better care of their bikes.

Course description

Personal Development: Bike Maintenance is designed to teach cyclists the essential skills needed to maintain their bikes and keep them in good working order. This course covers a range of maintenance tasks, including fixing flat tires, adjusting brakes, tuning gears, and lubricating the chain. Participants will learn how to perform routine checks and repairs, as well as how to identify and address common issues that can arise with regular bike use. The course includes hands-on practice, expert demonstrations, and tips on selecting the right tools and products for bike maintenance. By the end of the course, participants will have the knowledge and skills needed to keep their bikes in excellent condition, ensuring a safer and more enjoyable cycling experience. This course is ideal for cyclists of all levels who want to learn more about bike maintenance and take better care of their bikes.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
