## Level of study

Beginners

## Course overview

Discover the beauty of botanical art with our Art Practical: Botanical Illustration course. Learn techniques for accurately depicting plants and flowers in your artwork. Ideal for artists and nature enthusiasts looking to refine their illustration skills.

## Course description

Art Practical: Botanical Illustration is designed for individuals who want to develop their skills in botanical art. This course covers the fundamentals of botanical illustration, including accurate observation, detailed drawing, and the use of watercolours and other media to create lifelike depictions of plants and flowers. Participants will learn how to capture the intricate details of botanical subjects, from leaves and stems to flowers and fruits, with a focus on scientific accuracy and artistic expression. The course includes guided practice, expert demonstrations, and opportunities for fieldwork, allowing students to work from real-life specimens. By the end of the course, participants will have created a portfolio of botanical illustrations and gained a deeper appreciation for the natural world. This course is ideal for artists, illustrators, and nature enthusiasts who want to explore the art of botanical illustration.

## What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

## **What other support is available?**

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
