Course overview

Join us for a fun and educational Halloween numeracy special, funded through Multiply in Norfolk. This one-session course is designed for the Thornage Hall community, combining festive Halloween activities with essential numeracy skills. Participants will engage in hands-on, themed exercises that make learning math both enjoyable and practical. Whether you're looking to sharpen your number skills, problem-solving abilities, or just enjoy a unique Halloween experience, this session offers the perfect blend of fun and education. Come dressed in your favourite costume and leave with improved numeracy skills and spooky memories!

Course description

Join us for a fun and educational Halloween numeracy special, funded through Multiply in Norfolk. This one-session course is specifically designed for the Thornage Hall community, seamlessly blending spooky Halloween activities with essential numeracy skills. Participants will engage in hands-on, themed exercises that make learning math both enjoyable and practical.

Throughout the session, learners will participate in a variety of Halloween-themed numeracy activities, such as spooky problem-solving challenges, haunted number games, and eerie arithmetic puzzles. These engaging exercises are crafted to sharpen number skills, enhance problem-solving abilities, and boost overall confidence in handling mathematical tasks. The immersive Halloween theme ensures that participants not only improve their numeracy skills but also have a memorable and enjoyable experience.

This special session is perfect for those looking to sharpen their math skills in a fun and relaxed environment. Whether you're aiming to improve your arithmetic, enhance your problem-solving techniques, or simply enjoy a unique Halloween event, this session offers the ideal combination of education and entertainment.

Come dressed in your favourite costume to add to the festive atmosphere, and leave with improved numeracy skills and spooky memories! Join us at Thornage Hall for a Halloween experience that is both educational and fun.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
