## Course overview

Family ESOL is a course aimed at helping families improve their English skills together in a friendly and supportive environment. It is ideal for parents and children who are non-native English speakers and wish to learn and practise English as a family unit.

## **Course description**

Family ESOL (Everton) is designed to help non-native English-speaking families improve their communication skills and gain confidence in their use of the English language. The course focuses on improving speaking, listening, reading, and writing skills through interactive activities that are suitable for both parents and children. Participants will work on language skills that can be applied in everyday family life, from helping children with their homework to engaging in school-related activities and interacting with the local community. By creating a positive learning environment, this course supports the development of both parent and child, helping them integrate more easily into British society. It encourages family bonding while building essential language skills.
