**Course overview**

Support your child's learning at home with this practical course. Gain tips and strategies for helping your child succeed in English and Maths. Ideal for parents looking to engage with their child's education.

**Course description**

Schools, Parenting and Child Development: Help Your Child with English and Maths is designed to equip parents with the skills and strategies needed to support their children's learning in English and Maths. The course covers practical tips for helping children with homework, improving literacy and numeracy skills, and engaging with schoolwork in a positive and productive way. Participants will learn how to break down complex topics into manageable steps and create a supportive learning environment at home. By the end of the course, parents will feel more confident in their ability to help their children succeed academically. This course is ideal for parents, guardians, and carers who want to be more actively involved in their child's education.

**What financial support is available?**

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

**What other support is available?**

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
