## **Level of study**

E

## **Course overview**

This is the first course of six aimed at elementary (A1/A2) level learners. This six-week course is for those whose first language is NOT English and will practice all four major skills in each session to develop reading, writing, speaking, and listening. Although this is a low-level English course, learners should be able to recognise sounds of the English letters and read simple lines of text prior to joining so that they won't struggle. Lessons will be delivered face-to-face using a range of teacher led and freer interactive activities to build learners' proficiency and confidence in the English language.

## **Course description**

In this six-week ESOL course, (English for Speakers of Other Languages) learners will practice their reading, writing, speaking, and listening skills through the topics of Introductions, countries and nationalities, personal information, classroom, culture, meeting people, jobs and the family. Areas of grammar will be the present simple, a/an, and possessive s. We will focus on areas of pronunciation including vowel and consonant sounds. Vocabulary will centre around numbers, countries and nationalities, common objects, verb phrases, jobs, and the family. Students will engage in pair work, games, written and verbal exercises. There will also be two written assignments in which learners will complete a form and write an informal email/letter using given examples as scaffolding. There will be a formative assessment part way through the course with a summative assessment at the end to help learners gauge their own progress and develop a degree of autonomy in their learning. It is hoped that learners will progress to the next course in the series upon successful completion.

## **What financial support is available?**

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

## **What other support is available?**

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment

journey and we will do all we can to make sure you have optimal access.
