Course overview

Do you want to know about driving in the UK? The Introduction to Driving Theory Test Preparation course gives learners whose first language is not English information on how to prepare for a driving theory test and how to learn key terms with which they may be unfamiliar. In addition to driving theory, the course covers all the relevant paperwork required to ensure compliance with the law, including tax, insurance and MOT procedures. This course is for adults living in the Cheshire aged 19+ who meet the eligibility and residency criteria.

Course description

This course will help you if English is not your first language and if you are struggling to understand the vocabulary needed to pass the UK Driving Theory Test. During the course, we will cover the English technical language you are likely to need. You will also learn about the language used in the Highway Code and about transport in the UK. We will also cover road signs, road markings, relevant documents needed to drive in the UK and the rules of driving. The course will help you to feel more confident that you are ready to apply for the Theory Test. Before you can enrol on this course you need to attend an assessment to determine your level. Your level of English will be determined by your previous qualifications in ESOL, as well as a reading and writing assessment and an interview. A minimum of ESOL Entry Level 1 is required in reading, writing, speaking and listening to access this course. Assessment of learning will be done regularly throughout the course. Information, advice and guidance will also be given to enable further course/professional progression. 100% attendance is expected to get the maximum benefit from this course. Please note that there will be no official examinations or tests, and your official UK Driving Theory Test will not be provided in this course.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
