Course description

Embark on a transformative journey on this makeup and skincare course. Over 5 weeks (twice a week) you will learn about skin types, which products to use, and how to apply makeup as well as how you can use simple natural ingredients to create your own skincare products. The tutor will also guide you about contraindications, basic hygiene and health and safety. Practical tips and hands on demonstrations will empower you to create a good skincare regime and maybe a new look for yourself. Please bring a notebook and pen to the first session. You may be expected to bring items from home and the tutor will let you know each week what is required. Following this course you may wish to take a further skincare and makeup course with the WEA.
