Course overview

Digital skills are increasingly in demand in modern society. Picking up basic digital skills can help you go about your everyday life, as well as open doors to employment opportunities. This course starts at the beginning and covers everything from using a digital device to getting started on social media and using the internet. This course is aimed at complete beginners- so don't worry if this is new to you. If you want to learn digital skills for

everyday life or improve your job prospects, this course is ideal for you.

Course description

A basic IT courses for beginners help build your confidence using technology. This can enable you to learn digital skills to work independently in a variety of roles. It can also help you with learning and personal development.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
