# Course overview

Our Essential Digital Skills: Get Ready for Learning Level 2 Community Interpreting course is designed to provide learners with the digital skills necessary for success in the Level 2 Community Interpreting qualification. This course covers key digital tools and techniques, such as effective online communication, document management, and the use of digital platforms essential for interpreting roles. Ideal for those preparing to study community interpreting, learners will gain confidence in using technology to support their learning and work in this field. By the end of the course, learners will be well-prepared to engage in further study and develop their interpreting skills.

# Course description

The Essential Digital Skills: Get Ready for Learning Level 2 Community Interpreting course is aimed at individuals who are preparing to take on the challenges of community interpreting at Level 2. In today's world, digital literacy is crucial, and this course will help learners develop the essential skills needed to succeed both in their studies and in the professional interpreting field.

Learners will explore various digital tools that are frequently used in the interpreting profession, including online platforms for communication, document sharing, and research. The course also covers the basics of using digital devices to access and manage information, with a focus on supporting learning at Level 2. This practical course includes activities designed to build confidence in using digital resources in real-life interpreting situations.

By the end of the course, participants will have a solid understanding of how to use digital tools effectively to support their learning and practice in community interpreting. The course also serves as a stepping stone for those planning to pursue the Level 2 Community Interpreting qualification, ensuring learners are prepared to engage with digital platforms and succeed in their professional development.

# What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

# What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
