Course overview

This course is designed to introduce students to the art of sewing and the world of textiles, from foundational skills to garment construction. Through practical, hands-on learning, students will develop proficiency in sewing techniques, fabric selection, and pattern construction. By the end of the course, students will be able to design, create, and customise their own garments or textile projects, with a focus on craftsmanship, creativity, and sustainability.

Course description

This course provides an introduction to sewing and textiles, offering students hands-on experience in learning different sewing techniques and garment construction. Participants will gain an understanding of fabric types, tools, and machine operation, moving from basic to skilled sewing techniques. The course will emphasise creativity, precision, and problem-solving while creating various textile projects such as Asian dressmaking. By the end of the course, students will have the confidence to create custom clothing and understand the fundamentals of textile design.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
