Course overview

This course is designed to help learners develop basic computer skills needed for everyday tasks. This course is ideal for beginners with little or no prior experience with digital devices or software.

Course description

This course focuses on practical, hands-on training to help learners use computers, smartphones or tablets for personal, educational or professional purposes.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment

journey and we will do all we can to make sure you have optimal access.
