Level 1

Course overview

Have you previously experimented with textile collage and pictures but would like to add to your skills? This online course is a great way to gain more confidence in creating your own pieces of textile work with fabric and stitching and adding in using lettering to create a journal theme. The course is suitable for improvers who would like to expand their knowledge of creative textiles and uses simple stitching to add texture and lettering details. You will have the opportunity to come up with your own ideas and create a textile picture using the techniques you will be learning throughout the sessions; each learner will have a unique composition at the end of the course.

Course description

This practical online course has been designed to expand on beginner textiles techniques and knowledge such as layering fabrics, balancing colours and how to simplify photos into colour blocks and patterns. The course will cover how to create a theme or tell a story and takes you through composition and construction of the fabric elements, then finishes with how to stitch lettering that flows and how to add the stitched letters in the form of a word or short phrase.

You will learn how to use linear stitch techniques to create texture and bring detail to the pictures being created. The course is fun, creative and brings together different elements that are great for experimentation. There is a great opportunity to use fabrics you may already have, if you are new to stitching, you could start collecting small pieces of fabric/old bits of clothing and build a small collection of colours and textures that you like. This online course has the benefits of learning from

home but also sharing your work with other learners, discussion and tutor feedback. You will be able to use the skills you have learned to move onto other textile and sewing based courses.

By the end of the course, you will be able to,

Demonstrate how to translate your ideas into textile work.

Assemble fabrics to create a textile collage.

Draw lettering that will be transferred onto your fabric piece.

Embroider lettering onto the fabric background.

What financial support is available?

We don't want anything to stand in your way when it comes to bringing Adult learning within reach so if you need anything to support you to achieve your goals then speak to one of our education experts during your enrolment journey. Most of our courses are government funded but if you don't qualify or need alternative financial help to access them then let us know.

What other support is available?

All of our digital content, teaching and learning activities and assessments are designed to be accessible so if you need any additional support you can discuss this with the education experts during your enrolment journey and we will do all we can to make sure you have optimal access.
